Diabetes Having Major Impact on San Diego Healthcare

July 8, 2014 6:45am

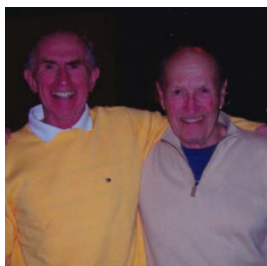

A new study by the UCLA Center for Health Policy Research found that one in three hospitalized patients in California has diabetes, a rising trend that adds significant healthcare costs and impacts providers.

XiMED App, Beacon System Set to Greatly Enhance Patient Experience

July 8, 2014 7:00am

XiMED physicians and their patients will soon be using the XiMED app, which, in conjunction with the newly installed proximity beacon network at Scripps/XiMED Medical Center and affiliated organizations in the San Diego area, will enable communication and location services, both inside and outside the facilities.

Physicians Return to Practice with Help of Online Retraining Program

July 8, 2014 7:15am

San Diego-based neurosurgeon Dr. Michael Feely is a retired specialty physician who recently graduated from an online course that will allow him to practice as a primary care provider (PCP).
